CHESTERFIELD HOME HEALTH AGENCY, INC.

SECOND ANNUAL REPORT FOR FISCAL YEAR 1976

The year 1976 was a year in which much was accomplished:

A. The Agency received its certification for "Medicare" in the spring of the year retroactive to November 15, 1975. Since 76% of patients visited by the Agency was over 65 years of age, this was a welcome relief in budgeting.

B. The Agency became a tax-exempt organization.

C. The Agency passed its state survey with no deficiencies; a rare occurrence, indeed, for any Agency in the State.

In 1976 there were no changes in the Board of Directors, Officers or Personnel.

The Agency's first membership drive realized an unexpected generous amount of $689.00. It was used to offset its operating expenses.

The Memorial Fund Account was increased by $1,021.90. This money was received in memory of the following: Albert Bradstreet, Henry Chickering, Jr., Floyd M. Fuller, John McDermott, Arvid Pearson and Viola Tuttle. The Agency voted to spend monies in this Fund toward purchases for lasting and durable items or investments with income applied to specific services. This year the Agency authorized the purchase of a wheel chair, which is already in full use, and the Lippincott Manual of Nursing Practice. With purchases and the many kind donations of equipment from Town residents, the Agency has the following items on loan free of charge: hospital bed, walkers, crutches, commodes, raised toilet seat, bed pans, foam pad, colostomy books and equipment.

This was the year of the swine influenza vaccine clinic. On October 25, at the Town Hall, 430 residents of Chesterfield and Westmoreland were immunized with either the bivalent or monovalent vaccine.

Agency services may be reached by telephoning (603) 363-4337 weekdays between the hours of 9 a.m. and 10 a.m. During other hours, please utilize the automatic message receiver.

The report would not be complete without thanking its nurse, Ms. Carol Ann Silvestri and its therapist, Ms. Hilda deMoya for their efficient, kind services. The Agency wants to thank and express its appreciation to all the workers who cared and helped with all its clinics; all the people who were generous with their donations of money to the membership drive and memorial fund and for all the equipment received.

The Agency especially thanks the Town of Chesterfield for its support.

Together we can and will strive for the best home medical care and prevention available.

Respectfully submitted,

John T. Riley, President

II. NARRATIVE

During 1976 the number of visits made by the agency was 471. 76% were to patients 65 years and over; 96% were disease control; and 4% were disease prevention. The well-child clinic, established January 1976 in conjunction with the KVNA, promotes health and prevents disease in children ages 6 weeks - 4 years. This is accomplished by physical examinations, immunizations, and counseling. The agency co-sponsored with the Chesterfield school nurse a pre-school hearing and vision screening. The home health aide program has been established through a contractual arrangement with the KVNA. This program

serves all members of the community by providing household management and personal care services in their home. During 1976 the home health aide made 218 visits to individuals 65 years and over. The agency is developing a N.H. senior health screening program for the community's senior citizens. This program will include preventive medical education films and screening for hypertension, etc.

School District Meeting
Chesterfield Central School
Chesterfield, New Hampshire

March 6, 1976

The Moderator, Eleanor Heslin, called the meeting to order at 3:00 p.m. The Clerk, Gail Herman, read the Warrant through Article I. The Moderator declared the polls open for balloting for the necessary school district officers.

Prior to the meeting, the School Board appointed Agnes Chickering, Jean Hubner and Claude Mowry Ballot Clerks. They took the oath of office from the Moderator. A count of the ballots showed 594. The Moderator appointed John Schlichting Assistant Moderator and Diana Allen Assistant Clerk. They took the oath of office from the Moderator.

At 8:00 p.m. the Moderator called the meeting to order for the purpose of acting upon the remainder of the warrant.

The Articles were then disposed of as follows:

ARTICLE II -- Bob Wormer moved that the reports of Agents, Auditors, Committees or Officers chosen be accepted as printed in the Annual Report. Seconded by Clara Wellington. The motion was carried in the affirmative on a voice vote.

ARTICLE III -- Jim O'Neil moved that the District vote to authorize the School Board to make application for, and to accept and use in the name of the District such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state, or private agency. Seconded by Arvid Pearson. The motion was carried in the affirmative on a voice vote.

ARTICLE IV -- Mr. G. C. Knickerbocker moved that the District vote to raise $583,338.00 for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the District. Seconded by Terry Wiggin. The motion was carried in the affirmative on a voice vote.

ARTICLE V -- Claude Mowry moved that the School Board be empowered to purchase and erect a chain link fence on two sides of the school grounds, the two sides being on Route 63 and

the Old Chesterfield Road. After a discussion about the safety hazards on the Chesterfield School playground which abuts Route 63 and the Old Chesterfield Road, there was a question on a voice vote and Mr. Mowry requested a secret ballot. The 87 ballots were taken and the count revealed a vote of 24 in the affirmative and 63 in the negative. The motion was defeated.

Tom Allen raised a question about the data on page 102 of the School Census Report. Whereas the report stated ten children attending Parochial Schools, Tom Allen thought the number was greater. The School Board agreed to look into the matter. As there was no further discussion under Article IV, the meeting was recessed at 8:50 p.m. by the Moderator until the voting was over at 9:00 p.m.

Voting was declared over by the Moderator at 9:00 p.m. and the ballots were counted. There were 167 votes cast with 84 necessary for choice. The Checklist of voters was used in balloting. Total number on the Checklist was 1,142. For School Board Member for the ensuing (3) years Henry C. Chickering, Jr. had 104 votes. Gail T. Woodward had 63 votes. The Moderator declared Henry C. Chickering, Jr. School Board Member for (3) years. He took the Oath of Office from the Moderator.

For Moderator Eleanor Heslin had 142 votes with 9 votes scattered and a number of blank ballots. The Clerk declared Eleanor Heslin Moderator. She took the Oath of Office from the Clerk.

For Clerk for the ensuing year Gail Neary Herman had 148 votes with 3 scattered. The Moderator declared her Clerk and gave her the Oath of Office.

All of the above signed the prescribed OATH OF OFFICE.

For Treasurer for the ensuing year Ann R. Bevis had 158 votes. She was declared Treasurer by the Moderator.

For Auditors for the ensuing year Ann M. Knickerbocker had 156 votes and Prudence S. Mitchell had 153 votes. They were declared winners by the Moderator.

On a motion by G. C. Knickerbocker and duly seconded by Stephen Herman, the meeting was adjourned at 9:50 p.m.

A true record, attest:
Gail Neary Herman
Clerk of the Chesterfield School District

The school boards of Supervisory Union 29 have completed a comprehensive analysis of the services and functions to be delivered by the administrative personnel in Supervisory Union 29. Following the resignation of the superintendent of schools and the business manager, it was decided to conduct this study.

The reorganization that resulted from this study insures that all functions of the supervisory union are accountable to appropriate school administrators.

Under this reorganization the Superintendent of Schools is responsible for policy development and administrative procedures, school board services, community information, program evaluation and facilities.

An Assistant Superintendent has been designated as responsible for the educational services and programs in the towns. There is also an Assistant Superintendent responsible for the educational services and programs in Keene. It is felt that this type of organization clearly identifies responsibility so that when problems or concerns do arise that it is understood who is to be contacted.

In order to meet federal and state statutes relative to handicapped children, a position of Educational Consultant for Special Services has been established. All children are now guaranteed an equal opportunity to pursue to the very best of their ability, programs and studies which will enable them to improve their quality of life and become a productive member of society.

The position of Manager of Personnel Services has been created. Over 600 people are now employed by Supervisory Union 29. This position will be responsible for the development of personnel policies, negotiations, inservice training, recruitment, contract administration, staff development, teacher certification, fringe benefits, and maintenance of personnel records.

The position of Business Manager has been redefined. This person will be responsible for payrolls, accounting, budget accounting, purchasing, central storage, budget planning, transportation, new building projects, and legal services.

Since the last annual school district meeting the Cheshire

Vocational Center was completed and opened in September with an enrollment of 900 students. Approximately 300 of these students are from the school districts of Fall Mountain, Monadnock Regional, Hinsdale, Winchester, and Marlborough. The remainder of the enrollment is from students at Keene High School. We are proud of this facility and are certain that the Cheshire Vocational Center will provide significant educational opportunities for our students.

The Chesterfield School District budget for 1977-1978 reflects a substantial increase of $70,000 or 13%. Many of the increases come in areas beyond the control of the Chesterfield School Board. The major increase is reflected in the tuition account for Chesterfield youngsters attending Keene High School.

The projected enrollment for 1977-1978 is 179 students attending Keene High School, an increase of eight. In addition, the tuition cost per student has risen from $1,478 to $1,590. Overall, this account is up $31,000. Currently, 1976-1977 budget is reflecting a $10,000 deficit in this account. The cost of oil and gasoline has increased, consequently $5,000 has been added to this account to offset the inflation.

Federal legislation PL94-142 now mandates that local school districts must educate handicapped youngsters and provide local funds for this purpose. In 1977-1978 it is projected that Chesterfield will spend in the vicinity of $23,000 for handicapped education including tuition and transportation. RSA 173-A:3 is also mandating that school districts who have 10 or more full-time teachers recognize the group as an association and bargain with them in good faith for salaries and fringe benefits. As a result, the Chesterfield budget includes $5,000 for a professional negotiator and a total estimated salary increase for teachers in the vicinity of 6% which is approximately $9,300.

The other area showing a substantial increase is in contracted services and plant maintenance. The school board felt strongly that the town's largest single investment is its school buildings and must be maintained. Therefore, an increase of $3,000 which isn't that much, was built into the budget to take care of items such as plumbing, well repair and general upkeep. Hopefully, this will be the first step in a long-range plan to cover three to five years to bring up the condition of the Chesterfield Central School.

PRINCIPAL'S REPORT

December 1976

The 1976-77 school year opened on September 7, 1976 with 300 students enrolled. Currently the enrollment is 297.

Mrs. Audrey MacKnight has replaced Mrs. Regis Lysitt in one first grade room, while Mrs. Susan Toczko is teaching a second first grade because of an increased enrollment. Mr. Vreeland, who served as resource teacher last year, is now teaching the third grade. Mrs. Anita Monether, certified in learning disabilities, is a part-time aide helping in the classrooms and tutoring students needing additional help.

The model house which Mrs. Hatt's fifth grade made as a Bicentennial project won a 1976 Commendation Award from the New Hampshire Council for Better Schools.

Mr. Dahl's science classes have developed an "ecology cube" in his classroom for the study of the interrelationships among plants, animals, and aquatic organisms.

The P.T.A. has been most helpful and generous in its support of the school. Three of their gifts have supported the academic programs and a fund is being accumulated for gym mats and renovating the equipment on the back playground.

The school has also received a generous gift from the American Legion to help replace the softball backstop on the front playground.

Pistareen Grange has made a gift to assist in the expenses at graduation.

We wish to express our thanks and appreciation to these three organizations for their thoughtfulness and support of the school.

Again, this year, the library mothers have been of much help to the children in the library. We appreciate their devoted service.

Chesterfield School has joined the newly formed Twin State Athletic League, which is comprised of Westmoreland, and the Vermont teams of East Dummerston, Putney and Guilford. Our enrollments and facilities are more closely balanced than in the Connecticut Valley League. Chesterfield had an out-

standing soccer season, both teams being undefeated in league play.

I express my appreciation to the children and people of the Chesterfield School District, the members of the school staff, the School Board, and Central Administration for helping to make the school year a success.

Respectfully submitted,

Robert W. Holmes
Principal

SCHOOL LUNCH PROGRAM
1975 - 1976

The Chesterfield School Lunch Program served lunch from the opening day of school until the last day. Mary Lou Kelly is the manager and Carol Riendeau is her assistant. We thank Diane McGilvray for being our substitute and all the teachers for collecting lunch money on Friday.

We served between 165 to 190 lunches a day with the price of lunch remaining at 40¢ and milk at 6¢. Free and reduced lunches are available to any student whose parent fills in an application and is approved. Recess milk is offered to students in grades 1 through 5.

Monthly menus are sent to the Keene newspaper and radio station. Menus are also given to each student to take home, encouraging him to pick only the meals he likes for the week, as we feel this cuts down on food waste. Lunch money is collected every Friday in each classroom for the following week. Children absent on Friday may bring their money to the kitchen on Monday morning.

We were able to acquire a dishwasher for the kitchen by applying for Federal funds that are available for such purposes. After much paperwork and many telephone calls and letters, Chesterfield School is the proud owner of a small, but very efficient, dishwasher.

Government surplus foods have been abundant this year. It is a bonus to our lunch program to have cheese, hamburger, canned vegetables and fruits made available for the students, as it keeps the cost of the meals down.

Respectfully submitted,

Mary Lou Kelly
School Lunch Manager

SCHOOL HEALTH SERVICE REPORT -- 1975-76

The Dental Health Program sponsored by the P.T.A. was again successful this year. 119 students received prophylaxis and a fluoride treatment administered by Jean Dyer R.D.H. Barbara Mahoney ably organized the program.

Through the combined efforts of the Chesterfield Home Health Agency and this office 50 children, 4-6 years old, were given Pre-School Vision and Hearing screening tests. 14 hearing failures were re-evaluated and referred to physicians as necessary. There were no vision failures.

Routine tuberculosis testing on all 4th and 8th grade students, staff, librarians and school bus drivers was conducted. N.H. State Lung Association nurse-coordinator Connie Martin assisted.

110 physical evaluations were administered by our school physician to students participating in inter-scholastic sports and the 4th and 8th grade.

Greater emphasis on Health Education was possible this year through the expansion of daily school health services.
